

Sweet Desperation (This Heart Still Burns For You)

D A/C# G
God of mystery, why have you forsaken me
 Bm A
and who am I that you would be mindful of me?
D A/C#
I'm a sinful man and it's so hard to understand
G Bm A G
that You have said that I am your great desire.

D G A
Still I will hold on to
 F#m Bm
What You have promised
 A G
This heart still burns for you
D G
You are my hope
 A F#m
And You are my sweet desperation
Bm A G
This heart still burns for you

In this lonely night where You seem further than the stars
it's hard to see that You are here; right beside me.
When the best laid plans fall down to earth with a crash
would you come and rescue me, hear my cry?

F#m
Be my hope
G
Be my light
A
Be my way
